Harbour Infrastructure I - Q3 2025 Quarterly Report

Fund overview. Harbour Infrastructure I (fund code INF-I) is a 2018 vintage core-plus infrastructure fund with USD 380 million of commitments across toll roads, a regional port terminal and two renewable energy platforms.

Valuation. The independent valuation of the port terminal has been delayed to Q2 2026 while the concession extension is negotiated. NAV for Q4 2025 and Q1 2026 will be carried forward at the Q3 2025 value until the valuation is complete.

Distributions. The fund paid a USD 900,000 distribution from toll road cash yield, scheduled for settlement on March 31, 2026. The CAD equivalent will be confirmed once the settlement FX rate is fixed by the administrator.
